Bedriften Consulting

Lottery Results Social Media Post Feature

Bedriften Consulting

Project Description

This project involves the design and development of a web application or mobile application which accepts results, lottery and machine number results from draw as input and allows the user to post them on their social media feed in suitably designed cards.

Scope

1. Create and manage games and their draws
2. Capture and verify the results from the draws
3. Create system generated cards with branding of Rand logo, game name, draw date and time, winning numbers and machine numbers
4. On-click posting of results to Facebook, X (Twitter), Instagram, Snapchat, WhatsApp status and Telegram
5. Results History feature, for filtering by date and game name
6. Clean, intuitive, responsive mobile design; secure and fast performance

Deliverables

1. Fully Design, and development of a secure web or mobile application that manages lottery games and draw schedules, captures and double-verifies results, generates branded result cards, and publishes approved results directly to Rand Lottery's official social media channels.

Project Implementation Plan

Phase	Activity	Delivery Date	Duration (Days)
